### Results of GSAT over a 3-year period

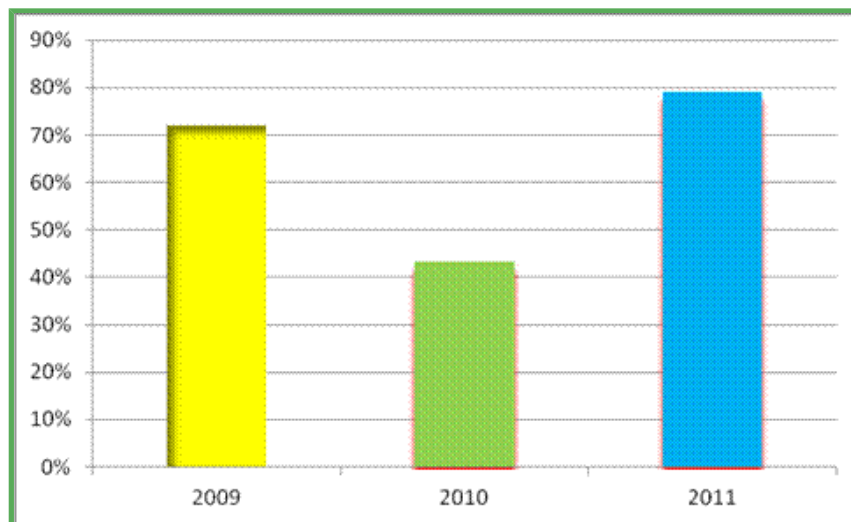

The graph above indicates that in 2008 the GSAT results were reflecting 62%. In 2009 it has declined to 47% because of the location of the Grade 6 classes. In 2010 the performance increased to 50% as a result of relocating the classes to a more conducive area.

It is hoped that with the implementation of added goals and objectives much more can be achieved.
